## DMXStreamer

DMX512 Real-time

Running a light show, but don't want to leave your lighting desk on site ?

The DMXStreamer is the most valuable DMX512 tool you will find. This product records any DMX512 stream for up to 48 hours. You simply play your lighting sequence and record it with the DMXStreamer. You can then play it back when you need it, or automatically based on time of day with the inbuilt astronomical real time clock
